**GBI ESR Monitoring Logistics Coordinator**, Boise, ID. Work cooperatively with BLM ESR and United States Geological Survey (USGS) Resource Specialists and GBI ESR Crew Leads. The GBI ESR Monitoring Logistics Coordinator will provide logistics for multiple field crews gathering data to determine post-fire recovery and effectiveness of post-fire stabilization and rehabilitation efforts. Duties will include compiling/formatting field data to BLM reporting requirements and filling in as a field crew member when necessary. (March 28, 2016 – September 17, 2016). Compensation: \$19.00/hour, \$15.00/day field camping per diem and \$75.00/week housing stipend.

**BLM Spring Inventory Technician**, Winnemucca, NV. Assist the BLM by conducting field work to inventory naturally occurring springs in the district. This work will support water right adjudications, grazing permit renewals, sage grouse management and other concerns. (18-week appointment beginning March 28<sup>th</sup>, 2016) Compensation: \$17/hour.

**BLM NEPA Technician**, Winnemucca, NV. Contribute to the implementation of the district's recently approved resource management plan and to the development of NEPA documents. . The NEPA Technician will be provided a working introduction to BLM policies, regulations, procedures, programs, and operations. Particular focus will be placed on planning and environmental coordination through administrative and technical tasks, including the use of ePlanning, designed to develop knowledge and understanding of multiple use land management.( 52-week appointment starting in April 2016). Compensation: \$19.57/hour.

**BLM Botanist/Riparian Vegetarian Technician**, Battle Mountain, NV. Work as part of a multi-disciplinary team to characterize current riparian-wetland condition/functionality. Information collected is used in support of drought management decisions and/or rangeland health evaluations. (May 22, 2016 – November 19, 2016). Compensation \$17.50/hour.

**BLM Rangeland & Drought Monitoring Technician**, Battle Mountain and Tonopah, NV. Implement a variety of upland monitoring protocols across public lands in support of drought management decisions and/or rangeland health evaluations. (May 22, 2016 – November 2016). Compensation: \$17.50/hour.

**BLM ESR (Post-Fire) Vegetation Monitoring Crew Lead**, Boise, ID. Direct, supervise, and participate as a field crew member, to gather monitoring data to determine post-fire recovery and effectiveness of post-fire stabilization and rehabilitation efforts. (April 25, 2016 – September 17, 2016). Compensation: \$17.00/hour, \$15.00/day field camping per diem and \$75.00/week housing stipend.

**BLM ESR (Post-Fire) Vegetation Monitoring Field Technician**, Boise, ID. Work cooperatively with BLM ESR and United States Geological Survey (USGS) Resource Specialists, and GBI ESR Monitoring and Field Crew Leads to gather monitoring data to determine effectiveness of post-fire stabilization and rehabilitation efforts (April 25, 2016 – September 17, 2016). Compensation: \$15.00/hour, \$15.00/day field camping per diem and \$75.00/week housing stipend.

**BLM Forestry Technicians**, Elko and Carson City, NV. Work cooperatively with BLM resource staff to perform vegetation management projects, restoration projects within forest/woodland areas, and utilization of forest products in support of the BLM Nevada Forestry Program. (26-week appointment beginning May 23, 2016). Compensation: \$15.00/hour.

**NDOW Vegetation/Habitat Assessment Field Lead**, Ely, NV. Perform detailed vegetation and site data collection at locations where habitat restoration projects will be undertaken and at sites where restoration is underway. Additional sites will be sampled with a focus on climate change and sage-grouse habitat. (27-week appointment beginning April 11, 2016). Compensation: \$1,392/bi-weekly.

**NDOW Lake Tahoe Raptor Survey Field Lead**, Tahoe Basin, NV. Assist with surveys of two sensitive raptor species, Northern Goshawk (*Accipiter gentilis*) and California Spotted Owl (*Strix occidentalis occidentalis*), in the east Lake Tahoe Basin, NV and adjacent areas of the Carson Range. The goal of this project will be to detect nesting territories and monitor nest success, and the Field Lead and a Raptor Survey Field Technician will coordinate with NDOW on surveys and associated work (17-week appointment beginning May 2, 2016). Compensation: \$15.00/hour, \$15.00/day field per diem and housing stipend.

**NPS Tribal Youth Intern/Oral Historian**, Joshua Tree, CA. Assist the Park in integrating multiple disciplines and park themes such as Native American traditional culture, homesteading, natural resource, and popular culture, by combining the stories associated with the individual museum objects from both a global and personal perspective. (Part-time, start upon availability). Compensation: \$18.50/hour.

**USFWS Biological Science (Wildlife) Technician**, Coarsegold, CA. Conduct established wildlife-related research activities on the status, behavior and distribution of fishers (*Pekania pennanti*) which may include: safe capture and handling of fishers and other wildlife, installing and monitoring remote camera stations, aerial and ground radio telemetry work, and helping with scat detection dog surveys.. (15-week appointment beginning March 12, 2016, or upon availability, through July 1, 2016). Compensation: \$15.31/hour.
